The Ri257 is a nearly 26 foot boat with room for 18 passengers along with 5550 pounds of available ballast. The wake surfing waves behind this Centurion are unlike any other. The combination of a maximum water-displacement hull design, RAMFILL ballast and the available QuickSurf Pro Surf System make the Ri257 the best surfing boat ever created. Two sub-floor tooled-in tanks fill with as much as 2600 pounds of water in as little as 45 seconds to create pro-level waves or wakes that can be adjusted independently mid-session. The World's best surf wave joins the World's best wakeboard wakes behind the 2018 Ri257. The towboat hull is designed for wakeboarding and wake surfing at World Class levels behind the same boat. The big performance of the Ri257 continues with a Deep-v Hull that handles even the roughest water while an oversized rudder, the Centurion Articulating Tracking System CATS and rack and pinion steering make handling a breeze at any speed. Boat is fully loaded.
