This 2001 Century 2600 WA is turn key, ready to go.

This incredibly versatile walkaround is the perfect machine for fishing or just cruising around. At the stern, there is easy access to the bilge, a freshwater shower. On the transom, there is a livewell with see-through hatch, a bait station with raw water washdown and sink.

On the gunnels, you have storage for six fishing rods, a raw water washdown, and a storage compartment.

To complete the open stern, you have two large fish boxes with pump out, a pullout seat, two storage drawers and cooler.

Mid ship you have a storage compartment port side, and two swivel chairs. Starboard side, you have the helm, with easy access to all of the gauges, electronics, and accessory switches.

This boat is loaded with features to go with you on your next adventure.

I take this boat 40 - 50 miles offshore every chance I get.

Plenty of space in the back, 4 people can easily fish

Powered by a 2001 Yamaha 250 OX66 with

Just under 600 hours

new powerhead has about 100 hours
